CANDIDATE, CIRCULATOR AND SIGNER REQUIREMENTS

THE CANDIDATE

An elector with no voting record or an independent elector who has never voted in a party primary may become a party candidate.

Either of the following persons may be candidates for nomination of any political party at a party primary: (R.C. 3513.191)

- (1) A person who does not hold an elected office;

(2) A person who holds an elective office other than one for which candidates are nominated at a party primary.

A person who holds an elected office for which candidates are nominated at a party primary may be a candidate at a primary election if they file a declaration of intent to seek nomination of that party. No person who files a declaration of intent shall file another such declaration for a period of ten years after the declaration is filed. (R.C. 3513.191)

Forfeiture of Candidacy: Any candidate nominated in a primary election who votes in that primary election as a member of a political party different from the party that nominated the candidate shall forfeit the nomination. (R.C. 3513.192)

No person who seeks party nomination for an office or position at a primary election by declaration of candidacy or by declaration of intent to be a write-in candidate shall be permitted to become a candidate by nominating petition or by declaration of intent to be a write-in candidate at the following general election for any office other than the office of member of the state board of education, office of member of a city, local, or exempted village board of education, office of member of a governing board of an educational service center, or office of township trustee. (R.C. 3513.04)

The statement of candidacy must be completed, signed, and dated by the candidate (in ink) before collecting any signatures. (R.C. 3501.38)

Copies of a petition, with a completed statement of candidacy, may be photocopied before the signatures of electors are placed thereon unless a Charter requires otherwise. Original petitions from which the photocopies were made must accompany all petitions at the time of filing. (R.C. 3513.09)

A candidate will be placed on the ballot as registered or by the name that they requested on the yellow slip at the time of filing. The candidate may use a natural derivative from the candidate's given name, i.e. "Bill" for "William" but not "Shorty" for "John."

The independent or nonpartisan candidate filing a nominating petition may list five persons as a committee to represent the candidate and should obtain their permission before listing their names. In some cases, this committee may name a person to fill a vacancy in office.

Any nonjudicial candidate who files a nominating petition may request, at the time of filing, that the candidate be designated on the ballot as a nonparty candidate or as an other-party candidate, or may request that the candidate's name be placed on the ballot without designation. Any such candidate who fails to request a designation either as a nonparty candidate or as an other-party candidate shall have the candidate's name placed on the ballot without any designation. Unless otherwise provided by Charter. (R.C. 3513.257)

THE CIRCULATOR OF A CANDIDATE'S PETITION

The circulator should fill in the circulator's statement on the petition only after they have completely finished collecting signatures. Whenever a person is required to sign or affix a signature, "sign" or "signature" means that person's written, cursive-style legal mark

written in that person's own hand. The legal mark of a registered elector shall be considered to be the mark of that elector as it appears on the elector's voter registration record. (R.C. 3501.011)

The circulator must personally observe each voter sign the petition. If there is any question as to their qualifications, the circulator should not permit signers to sign. The circulator should examine each signature immediately after it is made. If the name is not legible, the circulator or signer may print the name just above the signature. The circulator may also fill in the signer's date, address, ward, precinct and county at the request of or with the permission of the signer. (R.C. 3501.38 (E)(1))

The circulator of a petition may, before filing it in a public office, strike from it any signature the circulator does not wish to present as a part of the petition. (R.C. 3501.38 (G)) The deletion must be done before filing.

Each separate petition paper shall be circulated by one person only, who shall be the candidate or a joint candidate or a member of the same political party as the candidate or joint candidates, and each separate petition paper shall be governed by the rules set forth in section 3501.38 of the Revised Code. (R.C. 3513.05)

For purposes of signing or circulating a petition of candidacy for party nomination or election, an elector is considered to be a member of a political party if the elector voted in that party's primary election within the preceding two calendar years, or if the elector did not vote in any other party's primary election within the preceding two calendar years. (R.C. 3513.05)

A circulator may not sign the same petition paper that he or she is circulating; a circulator may, however, sign a petition paper being circulated for the same candidacy by a different circulator.

THE SIGNER

Any declaration of candidacy or nominating petition shall contain signatures of qualified electors of the district, political subdivision, or portion of a political subdivision in which the candidacy is to be voted on. (R.C. 3513.257)

Only electors qualified to vote on the candidacy or issue which is the subject of the petition shall sign a petition. Each signer shall be a registered elector pursuant to section 3503.01 of the Revised Code. (R.C. 3501.38(A))

For purposes of signing or circulating a petition of candidacy for party nomination or election, an elector is considered to be a member of a political party if the elector voted in that party's primary election within the preceding two calendar years, or if the elector did not vote in any other party's primary election within the preceding two calendar years. (R.C. 3513.05)

An elector who voted in a party primary in 2017 or 2018 is not qualified to sign the petition of a candidate of the opposite party; however, a voter who did not vote in a party primary in 2017 or 2018 may sign candidacy petitions of either party.

Signature of candidate on his own nominating petition could not be included in determining whether such petition contained minimum

number of signatures required by law. State ex rel. Kucinich v. Duffy (1970)

A petition shall consist of separate petition papers, each of which shall contain signatures of electors of only one county. Petitions or separate petition papers containing signatures of electors of more than one county shall not thereby be declared invalid. In case petitions or separate petition papers containing signatures of electors of more than one county are filed, the board shall determine the county from which the majority of signatures came, and only signatures from such county shall be counted. Signatures from any other county shall be invalid. (R.C. 3513.05)

THE CANDIDATE IS ULTIMATELY RESPONSIBLE FOR THE SUFFICIENCY OF HIS OR HER DECLARATION OR STATEMENT OF CANDIDACY AND THE PETITION. MISTAKES BY CIRCULATORS AND VOTERS OR WRONG ADVICE BY THE BOARD OF ELECTIONS ARE NOT GROUNDS FOR APPROVING A DEFECTIVE PETITION.
